Professional Experiences

Edible Garden City Pte Ltd.

Jul 2025 – Present

Marketing Executive (Digital)

- Owned the end-to-end marketing funnel from strategy, execution to analysis, embedding data-driven decision-making across all touchpoints to improve campaign ROI and agility.
- Grew website traffic by 14% while resolving 90+ accessibility issues and deploying structured analytics (GA4, Search Console, etc.) to enable granular engagement tracking.
- Drove key pages into Top 10 SERP rankings by improving SEO through internal linking, content hierarchy, and high-intent keyword optimization.
- Led a strategic social media overhaul that lifted total engagement by 29.7% and reduced skip rate from 65.3% to 58.2% via platform-specific content.
- Grew EDM subscribers by 28.2% (3.75% above target) and lifted open rate by 6.1% and click rate by 24.8% through segmentation, personalization, and structured testing.
- Managed Meta ad campaigns that drove 40% of the Education department's revenue from the NSA/SkillsFuture sector through iterative creative and targeting refinement, helping the department exceed its annual revenue targets by 30%.
- Led a team of four to deliver an integrated marketing communications (IMC) and social media campaign that grew organic views by 65.5% across Facebook and Instagram in two months.
- Initiated regular cross-functional collaborations with sales, operations, and external partners to close the loop between campaign performance and downstream revenue, delivering integrated campaigns tightly aligned with business goals.

DFS Venture Singapore Pte Ltd.

May 2023 – Aug 2023

Systems Intern (Human Resources)

- Spearheaded functional and integration testing with a partner for a sales associate commission system, identifying and resolving 20+ bugs, which improved overall system functionality.
- Partnered with external vendors to troubleshoot and resolve system bugs, ensuring system integrity and seamless deployment.
- Contributed to user acceptance testing (UAT) for system deployment and ensuring on-time project delivery.

Earthlink, Nanyang Technological University**Aug 2022 – May 2023****Events Executive (Gardening)**

- Spearheaded interactive gardening workshops that engaged 50+ students, increasing awareness of food security and sustainability initiatives on campus.
- Negotiated with external vendors to secure a 47% cost reduction for urban farm tours, saving \$350 and enabling broader student participation.
- Founded a sustainable partnership with an external urban farm vendor as part of the second cohort of the club's new gardening portfolio; sourced and secured the collaboration, which remains active and successful after my tenure.

Evonik (SEA) Pte Ltd.**May 2022 – Aug 2022****Human Resources Intern (Compensation & Benefits)**

- Developed an automated model using Excel for employee service date calculations, reducing manual errors and saving productivity hours.
- Streamlined data management for employee insurance coverage, ensuring 100% accuracy in cost allocation across all the cost centres.
- Analysed quantitative and qualitative employee survey data and utilization rates, delivering research reports with actionable insights that led to an increase in flexi-benefit program engagement.
- Conducted in-depth market research, providing recommendations that optimized rates for Evonik's foreign employment scheme, resulting in a 12% cost reduction.
